Hi Jason-

Could you include Lisa Macchio in emails related to the selenium SSC where you would like R10 involvement? Lisa and I can determine who is best to participate. For example, I would prefer that Lisa participate in the technical calls if she is available.

Please let Lisa or I know if you have questions.

Thanks-

Patty

**Subject:** Doodle Poll - Meeting to Discuss Lake Koocanusa Selenium Alternatives

Hi Everyone,

As requested by CSKT and KTOI, I am trying to setup a meeting to review and discuss the proposed Lake Koocanusa egg-ovary selenium alternatives. Please fill out the following Doodle Poll to help select a meeting time/date:

<https://doodle.com/poll/p7yehmmka7ftmf5h>

The proposed alternatives and draft workplan are attached to this email. Joe Beaman (EPA) and Joe Skorupa (USFWS) will be on the call to help explain the proposed alternatives. Please let me know if you would like me to invite a representative from B.C. to explain how their selenium guideline was developed.

Also, this is a reminder that the selenium technical subcommittee will be meeting this Wednesday (May 8<sup>th</sup>) at 3:30pm MT. There may be more alternatives proposed/discussed at this meeting, and we can discuss those on our call as well.

Thanks!

Jason
